

visiomatic® MediaStation

visiomatic® MediaStation is a silent, high-quality compact server, designed for a living room or home cinema room, equipped with HDMI and DVI interfaces to connect to any TV device.

The integrated Blu-Ray drive enables the play back of Blu-Ray DVDs with visiomatic®. The wireless LAN can be integrated individually.

It's MediaStation software package includes - amongst others - the modules for a DV (digital video) collection and play-back, Digital Picture Slideshow and the visiomatic® user interface to store CDs/DVDs to your personal visiomatic® CD/DVD collection screen.
